# Eric Green

Experienced Executive Leader in Global Biopharma Organizations  
Lexington, Massachusetts, United States

## Summary

Accomplished biopharmaceutical executive motivated by leading teams and organizations to discover, develop and commercialize important products for patients. Experience spans rare and ultra-rare genetic diseases, oncology and prevalent diseases. Nearly twenty-five years of diverse experience spanning R&D process engineering, pharmaceutical manufacturing and operations, medical device product development, oncology program management, global strategic brand leadership, portfolio management, and global general management. Twelve-plus years leading global teams within multiple small, rapidly growing, global biopharma companies.

---

## Experience

Seaport Therapeutics  
Chief Operating Officer  
May 2024 - Present (10 months)  
Boston, Massachusetts, United States

Seaport is advancing a clinical-stage pipeline of novel neuropsychiatric medicines powered by its proprietary Glyph Technology Platform, which leverages the lymphatic system to create new medicines building on clinically validated mechanisms.

Responsible for implementing strategies to support the growth and development of the company's pipeline across the organization.

American Heart Association  
Volunteer Leader: Chairperson for the Heart of Boston Campaign  
November 2023 - May 2024 (7 months)  
Greater Boston

I am honored to be the chair for this year's Heart of Boston campaign as the American Heart Association celebrates its centennial year and enters its second century.

#### Alnylam Pharmaceuticals
